Beyond Ethnicity: Finding Family with DNA

You've probably seen the ads showing the excitement of using DNA to discover your ethnicity. This is just part of what the test results can uncover! Are you curious about how genetic DNA can be used to find ancestors or living relatives; or maybe you have done a test and want confidence using this somewhat daunting tool. Alberta Family Histories Society is hosting two events to help you.

*Featuring : Blaine Bettinger, The Genetic Genealogist
Lesley Anderson, Ancestry Canada*
