St. Anthony's Roman Catholic Church and Cemetery, Mendham, Saskatchewan.

St. Anthony's, formerly Speyer Catholic Church was moved into Mendham during the winter in 1931. An earlier attempt using eight tractors failed in winter 1929. The church was actually moved using one horse, the horse was used to move timbers needed in the process to winch the building into town.

The original Speyer Church was located two miles east of Mendham, Saskatchewan, and was moved to the grave yard site some years later. It was located in the northeast corner of NW 35-03-21-27-W3. It is believed that a few burials took place at the original site, this cannot be confirmed as at July 06, 1997.

The cemetery is located on the west side of an oiled road two miles south of Mendham, Saskatchewan, in SE -03-21-27 - W3. Information was obtained by researching five different records. The cemetery has been actively used since February 04, 1910, as at April 25, 1997. The majority of the children's graves are marked with a cross only.
