## New Kronsfeld Lutheran Cemetery, NW 14-15-28-W3.

In 1917, Fredrich Zohner donated a two acre parcel of land at this location for use as a cemetery. The cemetery was never registered and was in use for about ten years. The first burial was Mr. Kuest in 1917.

Many of the graves were marked with wooden crosses, the only grave with a stone marker was that of Mr. Kuest. All evidence of a cemetery at this site disappeared about 1966 when the land owner removed all markers and cultivated the tiny piece of land.
