

**Karl Wolfer Family Cemetery, Sandy Point, Alberta**

As at February 06, 2001, this small family plot is being cultivated. Until just recently the current owner farmed around the small mound that contained the remains of one and possibly two infant children of Karl Wolfer and Margaretha nee Wenz. We do know that Mabel Wolfer, daughter of the above was interred here. The plot was maintained by the father until he moved his family to Medicine Hat, Alberta, in the late forties.
