

Lebanon/Thelma, Alberta, Cemetery.

The original Baptist church for this congregation was built of logs, some years later a new church was built near where the cemetery is today. The new church building was sold to the Lebanon School Board in 1922. Robert Adolph Wunsch was one of the lay ministers and a Sunday school superintendent for twenty years. Ministers from Medicine Hat, Alberta, would visit to conduct baptisms, funerals and the occasional wedding. The congregation that developed and used this cemetery from 1907 to 1943 built their church about two miles south of the cemetery on NW 13-07-03-W4. This site is south of the Elkwater Golf Course one mile south of township road 74 on range road 31. All that remains at the church site are two concrete foundations and a pile of old lumber that was probably the church at one time. As at September 07, 1996.

The well-kept cemetery enclosed with chain link fencing is located in the north-west corner of NW 25-07-03-W4, one mile north of township road 74 and on range road 31. The Cemetery Committee has installed a weather tight metal box containing a guest book, there were numerous recent visitors from all over the world. The names of all those interred here are inscribed on a stone cairn that was erected in 1982 by the Department of Alberta Culture and the Lebanon/Thelma Cemetery Committee. The inscription on the cairn reads: "Pioneer people and their families rest in peace, lest we forget." There were seventy burials at this site, only sixteen graves are marked. As at February 13, 1999, other records indicate that ten more bodies than are inscribed on the cairn are laid to rest here.
