

Lutheran Cemetery Schuler SE12-16-1-W4

This lonely, forgotten, unkempt cemetery is located three and one half miles east one half mile south and about 200 yards west of Schuler, Alberta, on the Alberta/Saskatchewan border. Someone has removed the fence and discarded the wire near the two remaining markers, again the grass has not been cut in years. The graves are only 200 yards on the Alberta side.
