

Vockeroth Family Cemetery, Irvine, Alberta

This tiny cemetery is located 100 yards north of township road 120 on range road 30, just northwest of Irvine, Alberta. It is nestled between a row of fir trees and a white fence right on the western edge of range road 30. The property, SE 01-12-03-W4 is owned by Mr. Harvey Aman. Mr. Traugott Stehr gave us directions for this plot. This cemetery is invisible from the road as there is no fence and the one marker is a flat metal headstone.

We believe about four burials occurred here as there is one indentation besides three pieces from metal markers. It seems that some of the markers have been removed.
